

DATA SHEET

DIGITAL CHROME

ITL's Digital Chrome pigment inks have been designed to enhance colour output and provide significant long-term cost savings to users of wide-format water-based inkjet printers. Digital Chrome provides an expanded ultra-wide colour gamut compared to the original inks of most supported printers, whilst offering a true colour match for the Epson™ Stylus Pro 4000, 7600, 9600 and 10600 models. Featuring excellent colour vibrancy and archival levels of fade resistance, Digital Chrome inks are ideally suited to the printing of professional Photographic and Fine Art images as well as to the production of high impact Graphics. Furthermore, they are 100% compatible with the original inks so there is no need to flush out the printer or to use cleaning cartridges before installation.

COMPATIBLE PRINTERS - EPSON™

Stylus Pro	7000 – 9000
Stylus Pro	7500 – 9500 – 10000CF
Stylus Pro	4000 – 7600 - 9600

COMPATIBLE PRINTERS - AGFA™

Sherpa	24m
Shepra	44m

COMPATIBLE PRINTERS - ROLAND™

Hi-Fi Jet	FJ42, FJ52, CJ42, CJ52, FJ400, FJ500, FJ600
-----------	---

COMPATIBLE PRINTERS - MUTOH™
