

ITL JS33 - MIMAKI™

PRODUCT OVERVIEW

ITL JS33 Solvent inks are reliable alternatives to Mimaki™ JV33 original inks and significantly improve alcohol, scratch and abrasion resistance. JS33 inks are fully compatible with Mimaki's™ own solvent inks meaning they can be installed without flushing out the printer. A wide colour gamut and strong individual colour density, coupled with additional orange and green inks, produces images with a colour brilliance that has to be seen to be believed. ITL JS33 inks will work in any Mimaki™ JV33 printer regardless of its age or firmware version and whether it is cartridge or bulk-fed. The JS33 inks offer significant long-term cost savings to the Mimaki™ user without compromising on print quality, machine reliability or performance, and they produce consistently striking colours without the need to re-calibrate your system.

COMPATIBLE PRINTERS - MIMAKI™

JV33-160, JV33-130

MAXIMUM RELIABILITY

Extensive testing during both development and production ensures that ITL JS33 inks can handle the most demanding of print jobs.

- Full hardware and UV fade resistance warranties.
- Extended 18 month shelf-life.
- Manufactured to ISO9001-2008 quality guidelines.
- Suitable for high-speed printing.

MAXIMUM DURABILITY

ITL inks inspire confidence because they are manufactured using the finest raw materials, modern production techniques and with a constant commitment to quality.

- Excellent resistance to alcohols and cleaning fluids.
- UV fade resistant up to 2 years, outdoors, unlaminated**.
- Superior abrasion and scratch resistance.
- Wide colour gamut and strong individual colour density.

MAXIMUM COMPATIBILITY

Designed specifically for each supported printer model and fine-tuned for superior machine performance and reliability.

- Compatible with most good quality substrates.
- Simple, quick and trouble-free ink changeover procedure.
- Classified as non-hazardous.
- Colour Matched.

PRODUCT RANGE

JS33C	JS33 Cyan Solvent ink	220/440ml Crt	500ml - 1 litre
JS33M	JS33 Magenta Solvent ink	220/440ml Crt	500ml - 1 litre
JS33Y	JS33 Yellow Solvent ink	220/440ml Crt	500ml - 1 litre
JS33K	JS33 Black Solvent ink	220/440ml Crt	500ml - 1 litre
JS33LC	JS33 Light Cyan Solvent ink	220/440ml Crt	500ml - 1 litre
JS33LM	JS33 Light Magenta Solvent ink	220/440ml Crt	500ml - 1 litre

TECHNICAL SPECIFICATION

OUTDOOR DURABILITY: Up to 24 months **

SHELF LIFE: 18 months from date of manufacture when stored correctly (see MSDS).

STORAGE: Store between 5°C and 25°C. Out of direct sunlight.

CLASSIFICATION: Harmful.

FLAMMABILITY: Product not classed as flammable.

HANDLING: Avoid prolonged contact with skin.

Wear gloves and goggles if splashing is likely.

Note: **Based on a Northern European location and can vary with media selection and positioning. Specifications are subject to change without notice. MSDS available upon request. All trademarks recognised. (c) 2001 - 2009 Ink Technologies (UK) Limited. E&OE.
