

DATA SHEET

IGFX-VK SOLVENT INK - VUTEK™

PRODUCT OVERVIEW

The printers produced by Vutek™ are viewed by many in the industry as the best available. To ensure that you get the best from your Vutek™ it is essential that you use an ink that will compliment and not conflict with your printer. ITL VK inks fit that mould, they are designed to work within the physical parameters determined by your printer and not the other way round which is often the case. If you demand high-productivity, around the clock production and want to start making your printer pay you then use the IGFX-VK ink.

COMPATIBLE PRINTERS - VUTEK™

UltraVu™	150, 1630, 2360, 2600
UltraVu™	3300, 3360, 5300, 5360
